Maple View Minot

The ND State Settings Review Committee met on November 25, 2019 and determined that Maple View Adult Residential met all Settings Rule Compliance terms, with the understanding that the residents not being allowed to store tobacco products in their rooms is a restriction. If you do admit a resident that uses tobacco products this needs to be addressed in their individual care plans.

The Department will continue monitoring to ensure ongoing compliance.

Thank you for your cooperation and let us know if you have any questions.

I am attaching the Settings Summary which will be posted on the Department of Human Services website.

Sincerely,
