

TOWNER COUNTY OPIOID SETTLEMENT ALLOCATION PLAN

Towner County Public Health (TCPH) is working on different initiatives regarding opioid response efforts in our county. TCPH receives funding from the ND Department of Health and Human Services Behavioral Health Division which is utilized under the State Opioid Response (SOR) grant. Additional funding is received from the county opioid settlement funding.

TCPH currently provides awareness and education to individuals who may be at high risk of overdose, provides training on the recognition of opioid overdose and appropriate use of Narcan and increased access to Narcan by increasing awareness of where Narcan can be found. TCPH is working with Towner County Commissioners to develop the following plan to address the opioid crisis:

1. Continue Narcan education and distribution.
2. Continue building relationships with county entities to include but not limited to law enforcement, fire departments, EMS, Neumann Drug.
3. Purchase AED and supplies for our county.
4. Maintain AED's

This plan will be revisited on a regular basis and adjusted to best meet local conditions using existing resources.

Towner County Public Health will be sending this allocation plan to the Towner County Auditor (Mindy Reimer) for approval by the Towner County Commission.

Thank you,

Majusta Kleven

TCPH Administrator
