Commissary means a catering establishment, restaurant, or any other place in which food, containers, or supplies are kept, handled, prepared, packaged, or stored, including a service center or base of operations directly from which caterers, mobile food units, or temporary food stands are supplied or serviced. A **commissary** may be required by the regulatory authority as a provision of a food service license.

of a food service license.				
FOOD SERVICE ESTABLISHMENT INFORMATION				
Business Name			License Number	
Owner/Operator	Email Address		Telephone Number	
Owner/Operator Mailing Address	City	State	Zip Code	
Base of Operation Physical Address	City	State	Zip Code

Warewashing/Dishwashing Area

COMMISSARY APPROVAL PLAN REVIEW CHECKLIST

- A. Submit a floor plan drawing of the commissary/servicing area (8.5 X 11 to scale minimum) showing the following:
 - o Identify the locations of all entrances, exits, food preparation, serving and seating areas, warewashing, storage areas, describe off-site storage locations, restrooms, employee changing and break room areas, loading/unloading areas or docks, chemical supply storage, and garbage room.
 - Label the location and dimensions of all required sinks including handwashing sinks, dishwashing sinks, food preparation sinks, and mop or utility sinks. All sinks shall be located to prevent cross-contamination.
 - o Include equipment list and equipment specification sheets.
 - o Include room size, aisle space, and spaces between, under, or behind equipment.
 - Label the location of all food storage, heating, cooling, and service equipment with the common name (examples of equipment include refrigeration, walk-in coolers, walk-in freezers, hot-holding units, buffet units, ice machines, stovetops/grills, ovens, warmers, and fryers).
 - o Provide exhaust ventilation layout including location of hood, and fire suppression equipment, if applicable.
 - o Indicate if your food establishment will have exposed (unscreened) outer openings (i.e., retractable doors, etc.)

FOOD STORAGE/DISPLAY (Food Code Chapter 3)						
Identify the location of each on the (refrigerators/freezers) available:	e floor plan. Provide th	ne space (estimated in	n cubic feet) and lis	t the number of units		
Dry Storage Cubic Feet	Cold Storage Number of	Units	Cold Storage Cubic	Feet		
Freezer Storage Number of Units	Freezer Storage Cubic F	eet

12. Plumbing o Is all plumbing work installed to code? (Attach certificate or proof of licensed installation) If no, provide explanation.			
13. Restrooms O Number and location to code? O Covered waste receptacle in women's restroom? Handwashing facilities with hot/cold water?			
14. Employee StorageSuitable area for storage of employee belongings and changing area if necessary?			
 15. Poisonous or Toxic Materials (FDA Food Code Chapter 7) Will only poisonous or toxic materials necessary for the operation of the establishment be allowed, be clearly labeled, and will they be stored to prevent contamination? 			
16. Pest Control Management Program ○ Will all outside doors be self-closing and rodent proof? ○ Will all entrances (doors/windows) left open to the outside be protected against the entry of insects and rodents? (If applicable select method of protection below) □ Screens (16 mesh to 1 inch) □ Air curtains			
 Other effective means Pest control management contractor planned? Is area around building clear of unnecessary brush, litter, and other harborage? Will all pipes and electrical conduit chases be sealed to prevent pests? 			

		Υ	N	N/A
17. Refuse, Recyclables, and Returnables				
 Do all garbage or refuse containers have lie 	ds for when not in continuous use?		Ш	Ш
 Will a dumpster(s) or compacter be used or 	utside?			
If yes, number	Frequency of pick-up			
How will refuse containers and floor mats be	e cleaned:			
Will grease storage containers be stored on-site?				
If yes, describe location				

Approval of plans does not establish compliance with state or local license requirements. Approval of plans is not acceptance or issuance of a license to operate or occupy a place of business. It further does not constitute endorsement or acceptance of the completed establishment (structure or equipment). A preoperational inspection of the establishment will be necessary to determine compliance with laws governing foodservice establishments and to determine the license approval prior to operation. I certify that the above information as submitted is correct and I fully understand that any deviation without prior approval from the Food and Lodging Unit may void this submission for plans review.
