

WHAT IS WIC?

WIC provides good food so you can give your child the best possible start to grow up healthy. Foods such as fruits, vegetables, milk, eggs, whole grains, peanut butter, cereal, baby food and formula are made available for your family.

But that's not all. The WIC Program also provides nutrition and health information, as well as referrals to other services for pregnant and breastfeeding women, new moms, infants, and children to age 5.

WIC is available to a variety of families: married and single parents, working or not working. If you are a mother, father, grandparent, foster parent or guardian of a child younger than 5, you can apply for WIC.
