

BREAST CANCER AWARENESS

Women's Way Toolkit

WOMEN'S WAY
A Breast & Cervical Cancer
Early Detection Program

1 in 17 North Dakota women may be eligible for free breast and cervical cancer screenings through *Women's Way*

Let's spread awareness!

As women age, the risk of getting breast cancer increases. Regular breast cancer screenings are the best method available to detect breast cancer early, when it is most treatable! A mammogram can find breast cancer before a lump can be felt. And in some cases, finding a breast tumor early may mean that a woman can choose surgery that saves her breast, or she may not need chemotherapy.

Regular mammography screenings can save lives!

A woman born today has about a 1 in 8 chance of being diagnosed with breast cancer at some time during her life.

Mammography is the most effective screening tool used today to find breast cancer in most women.

- Women ages 40-44 should talk with their health care provider and together decide when to start getting mammograms.
- Women ages 45-54 should receive annual mammograms.
- Women 55 and older can switch to mammograms every two years, or can continue yearly screening. Screening should continue as long as a woman is in good health and is expected to live 10 years or longer.

Let's make sure women know if they are eligible

Women's Way may provide a way to pay for breast and cervical cancer screenings for eligible North Dakota women. Women's Way may also provide patient navigation services to help women overcome barriers and get timely access to quality care!

If you know someone who...

- Lives in North Dakota.
- Are ages 40 through 64.
- Are ages 21 through 39, have breast symptoms (lump) or at high risk for breast cancer, are due for a Pap test, or need breast or cervical diagnostic procedures.
- Have insurance that doesn't cover Pap tests and/or mammograms or cannot afford to pay her deductible and/or co-payments or does not have insurance.
- Meet income guidelines found online at hhs.nd.gov/womensway.
 - click who is eligible

...show them you care.
